TEN YEARS AGO

A Boy from the South came to St. Louis, short on funds, but long on pluck and determination. He wanted employment --- NEEDED it--and answered a Want Ad in The Sunday Republic for an office boy. He got the place, worked hard, proved himself worthy, and, within five years, acquired a small interest in the firm. to helped to build up the business and labored for a living salary until the business was able to repay him. The firm was reorganized and incorporated less than a year ago, with the former office boy owner of ONE-TRIRD of the capital stock, and receiving, in addition, \$3,000.00 a year for his services. The company has been prominent in the retail trade of St. Louis for 25 years. This is only one case in point.

And it is ALL true. It merely proves that it pays to USE THE WANTS.
